

LUMUX

STEP LIGHTS

SLC100

The Lumux SLC100 is a precision engineered, recessed LED architectural step light that is designed for durability and performance. Constructed from the highest quality materials and components, this step light features a protruded crystal top, providing a unique and aesthetically pleasing compliment to any facade. A diecast aluminum body is seamlessly integrated with its faceplate with captive, vandal resistant stainless-steel screws. The SLC100 is energy efficient for long-lasting indoor and outdoor applications.

Housing: Heavy-duty construction of corrosion resistant, low-copper die cast aluminum. Faceplate secured with vandal resistant, stainless-steel screws.

Lens: 1/8" thick shatter-proof polycarbonate diffuser, protruded crystal top

Mounting: Recessed or concrete pour

Installation: Unit is provided with polymer rough-in box (please refer to installation instructions)

Finish: Zinc polyester powder coat finish in black, white, silver, bronze, or any custom RAL color. Consult factory for marine grade or anti-microbial finish.

Driver: Constant current and universal input voltage 120/277V, starting temperature rated at -20°F.

Gasket: Closed cell silicon foam gasket that seals out moisture, dust, and insects for weather tight operation.

Protection Class: IP65, ETL Listed for wet locations

Wattage: 3W

Color Temperature: 2700K / 3000K / 3500K / 4000K
